MISSION STATEMENT FOR DISASTER RELIEF

To provide physical, emotional, and spiritual help to victims of natural and man-made disasters, including floods, earthquakes, hurricanes, tornadoes, fires, and terrorist attacks, in North America and overseas

- Our primary goal is to provide assistance to anyone that is in distress because of a disaster.
- At every opportunity we must insure that the gospel is made known to each person that we have contact with

Introduction

The Baptist Association of Greater Baton Rouge (BAGBR) consists of eighty-six churches and twenty-four missions as well as various affiliates. Within the association, there are disaster relief units for shower trailers, chain saw, mud out, and heavy equipment.

The purpose of this manual is to outline the response of units within the BAGBR area when a disaster occurs. Response outside of the BAGBR area shall be coordinated either through LBC or NAMB.

The Association has adopted the Biblical model as given in *Acts 1:8* for a plan of response.

Acts 1:8 (KJV):

But ye shall receive power, after that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth.

With this verse as our model, we have defined:

- Our Jerusalem as being our immediate association and the associations that border BAGBR.
- Our Judea is the rest of Louisiana, outside those associations that border BAGBR.
- Our Samaria includes the area outside Louisiana and within North America.
- We considered any International work as reaching the uttermost part of the earth

Outline of Response Procedures for BAGBR

Each unit will name a director and co-director. These personnel will comprise a Disaster Relief Committee for the association. Each director shall maintain a list of equipment and certified response personnel that is available to their unit. They will also need a “real time” access list for their volunteers.

The Disaster Relief Committee will meet a minimum of twice a year, in May and in November.

A Disaster Relief Command Team, (Associational Coordinator, Co-Coordinator, Secretary, Media Coordinator and Training Coordinator) is selected from the unit directors and will coordinate the response activities during a disaster.

The officers of the Baptist Association of Greater Baton Rouge Disaster Relief Committee are:

Associational Coordinator – Charles R. Watson, Sr.

Co-Coordinator- ~~Robert Miller~~

Secretary- Keith Brown

Media Coordinator- ~~Roddy Conerly/Dennis Allen~~ Dr. Tommy Middleton

Training Coordinator – Fred Lundy

When a disaster occurs, the Unit Director will receive a “call out”

- “Call Outs” must come from one of three areas:
 1. North American Mission Board (NAMB), will contact the state convention when assistance is needed outside the state.
 2. Louisiana Baptist Convention (LBC), can make state wide call outs without contact from NAMB.
 3. Baptist Association of Greater Baton Rouge (BAGBR) or in isolated cases, i.e. a localized tornado, the Unit Director may ask for assistance.

The unit director will either be put on “stand-by” or “activation.”

Stand-by:

- If the unit is put on “stand-by,” the Unit Director should contact their disaster relief team. The team should immediately begin getting everything ready to respond when needed.

Activation:

- If the unit is put on “activation,” the Unit Director should work with the unit to decide on the best course of action. When that course of action is decided upon and the team begins working, the unit director should notify both the association and state to let them know that the unit is responding.

Stand Down:

- When it is decided that either there is no further work to be done, or that it will be handled by the local unit, the contacted unit is told to stand down.

The following is a list of the units within the BAGBR.

Type Unit	Location	Abbrev	Unit Number	Contact Information

Areas for Initial Response

In order to be best prepared should a disaster occur within BAGBR, the Unit Directors should be familiar with how BAGBR is divided and where their unit is located.

The association is divided into three parts, North, South and West, with Interstates 10/12 and the Mississippi River as the dividing lines.

The following units make up the North BAGBR Disaster Relief Teams

- LASC022 Zoar Baptist Church
- LACS015 Florida Blvd. Baptist Church
- LACS028 Galilee Baptist Church
- ???????? Greenwell Springs Baptist Church

The following units make up the South BAGBR Disaster Relief Teams.

- LACS014 BAGBR Associational office
- LACS021 LSU Baptist Student Union
- LACS031 Istrouma Baptist Church
- LASC030 Woodlawn Baptist Church
- LASC028 Crosspoint Baptist Church
- LACS017 Fellowship Church

The following units make up the West BAGBR Disaster Relief Teams

- LACS029 Westside Baptist Church

With this plan the response is simplified, the North teams work to handle all responses North of I-12 and I-10. The South teams work to handle all responses South of I-12 and I-10. The West teams would handle all responses west of the Mississippi River. The idea is for the area Disaster Relief teams to work together, pooling equipment and manpower in order to reach every area in need and work order submitted. As their local areas are cleared, then the teams will move to assist the areas that are still in need.

In the case of a localized disaster:

The unit closest to the devastated area will assess the damage and determine the appropriate response. Each unit director is responsible for this assessment and determining the need for assistance from other units.

The BAGBR units should be the first called if assistance is needed, starting with the units in your area (North/South/West). The unit directors are the key to the success of the response; unit directors should know all other unit directors and contact information within the BAGBR association.

When a unit director makes a call for assistance, unless otherwise requested, he shall act as the disaster coordinator for that event and all responding units will work under his authority. If circumstances do not permit, then he can request that another unit director fill in as disaster coordinator.

Work orders:

A unit's home base should be set up at each participating church. These locations will be manned to receive work orders either by phone or by individuals coming by the church and completing the form. All work orders for the BAGBR association will contain the same information. All contact information will be completed on the form, i.e. name, address, phone, best time to come by.

Need for outside assistance:

Should the need for additional units arise, the Disaster Relief Command Team will determine the scope of the work and the need for assistance from outside of the association. At that point, a call would be made to the LBC Disaster Relief director to request outside assistance.

Press releases:

If the need calls for it, the Disaster Relief Command Team will determine if there is a need for a press release or a radio release and contact the media coordinator. The media coordinator should prepare a statement for a press release directing people where to go if they need help and contact the media.

Response for Total Associational Disaster

In the event that a disaster occurs that affects the entire BAGBR association the layout of response would fall under the leadership of the BAGBR Disaster Relief team.

If the entire association is affected by a disaster the need for additional help from outside the association and even state may be needed. When this occurs we will automatically follow this response:

The Disaster Relief Command Team will contact the unit directors for a damage assessment. If the need for additional help is determined the Associational Coordinator will notify LBC Disaster Relief director and ask for the following units:

- One main command center located at Florida Blvd. Baptist Church.
- Satellite Command Centers will be set up in central locations (i.e. Central, Plaquemine, Prairieville, etc), that will allow teams to work together to complete work tickets.
- Five feeding units located at Florida Blvd., Zoar, Istrouma, Crosspoint, and First Baptist Church Plaquemine.
- Five shower units located at Florida Blvd., Zoar, Istrouma, Crosspoint, and First Baptist Church Plaquemine.
- Chainsaw units will be housed at these locations as needed.

Once these sites are established, any church that has a disaster relief unit can accept work orders. These work orders will be distributed from the satellite command centers.

All locations will work together to make sure all needs in each area are met. If additional units, such as mud-out units or heavy equipment units are needed, we will request those units through LBC or NAMB.

As work is completed in an area, the teams will notify the Command Center and be directed to the area that is in most need of assistance.

We will work under the supervision of the “White Hat” and follow the proper chain of command.

All unit directors need to fulfill their obligation in making sure the command center receives their daily reports and keeps the lines of communications open.

Disaster Relief Expenses

If at any point your unit is activated expenses will be handled in the following manner:

1. By the local Association and/or LBC as funds are available
2. By the church and individual unit
3. By the Disaster Relief responders.

Jerusalem

Any work or response within Jerusalem is not eligible for expense reimbursements from the association. The local disaster relief unit will pay for fuel if the vehicle is towing equipment and will supply food and drinks. .

Judea

If the response requires more than one consecutive days stay (two or more), fuel and meals will be eligible for expense reimbursement.

Samaria

All mileage, food, and travel nights spent on the road to and from disaster location will be eligible for expense reimbursement.

Uttermost

Expense reimbursement will be considered on an individual disaster response. The Association along with the Disaster response team will make recommendations to the Executive Director of the association for such expense reimbursements.

Remember, this is our association and there is a limited budget for expense reimbursement, so after it is depleted for the budget year no expenses will be reimbursed. At that point, it is up to the unit or individuals to handle any and all expenses.

Any responding unit that wants to take advantage of the expense reimbursement program needs to contact the Executive Director of the Association before leaving, and/or while on route to a disaster.

In order to receive reimbursement for meals all names must be written on the receipt or attached to it.

In order to receive reimbursement for fuel, the vehicle needs to be registered with the unit's church (owners name and proof of insurance) and the vehicle needs to be equipped with the proper towing package for the equipment that they are towing. When applying for reimbursement, give the vehicle owner's name, in addition to the make and model of the vehicle and/or equipment.

The trailer and all of its contents are insured by the owning church. Any damage to the trailer or loss of equipment should be reported the Church Administrator. Any damage to the equipment should be reported to the owning church's Unit Director.

Management of BAGBR Response Manual

This manual will be located and maintained on line at the BAGBR website. No printed copies will be maintained as evergreen. If you should need the manual, print it from the website, but do not keep it except for reference purposes. Always compare the date and revision number on any printed manual to the manual on the website to ensure that you have the correct copy.

To change the manual, submit a marked up copy of the requested change to the Disaster Relief Committee. These proposed changes will be reviewed for acceptance a minimum of twice a year when the committee meets.

Release and Indemnity Agreement

I do hereby represent and acknowledge I am entering a missionary venture with others; as a volunteer I am paying my own expenses, including insurance, ⁽¹⁾ for the purpose of helping in times of disaster for the glory of God and to demonstrate my faith in Christ; that the work may at times be hazardous and somewhat arduous and will be preformed by concerned by volunteers and qualified professionals trained in disaster relief work; that vehicles transporting these volunteers will be operated by licensed volunteers, who may or may not be professional drivers.

I recognize and acknowledge potential accidents at the disaster site, involving motor vehicles, in or about the living, sleeping and eating areas, or during activities of the disaster relief team; am fully aware of possible injuries to members of the disaster relief team, including myself.

Therefore, I desire to protect, release, acquit, indemnify and hold harmless from any and all claims, injuries, damages, losses, expenses or attorney fees incurred by me, my heirs, administrators, executors or assigns.

For and on behalf of myself, my heirs, administrators, executors, assigns and all other persons, firms, or corporations, I do hereby release and discharge from liability all other persons on the disaster relief team with me, those who notified, selected or assigned me to said team, the Louisiana Baptist Convention, state Disaster Relief director or department, Baptist Convention, their employees and representatives, successors or assigns, from any claims, demands, damages, actions, causes of actions which I, the undersigned, have or may hereafter, and on account of, or any way growing out of injuries or damages both to persons or property resulting or that may hereafter result from the voluntary venture.

This waiver, release and indemnity agreement is fully understood by me and I enter the same willingly for the purpose herein above stated.

Witnessed, my hand on this the _____ day of _____ 20_____.
